SPORTS COACHES CODE OF CONDUCT

Coaching Edinburgh, in line with the recommendations of national organisations such as sportscoach UK and **sportscotland**, encourages coaches to deliver coaching services of the highest standards at all times. These high standards ensure the safe, fun and progressive participation of all those taking part.

Positive early experiences can ensure each person has an opportunity to reach their desired level of achievement and experience an effective transition to the competitive and recreational structures of sport.

Coaching Edinburgh encourages coaches to embrace these responsibilities for the benefit of their participants, their sport and the wider community as a whole.
